

# Deliver High-Tech, Virtual Education to a Borderless Campus

Itopia on Google Cloud helps students have a consistent, secure, and cost-effective learning experience from anywhere.

## Solve the “App Gap” and Make High-Tech Education Accessible For All

- Virtual apps enable universities of any budget to deliver high performance learning experiences from anywhere.
- Students can launch Adobe Creative Cloud, AutoCAD, SolidWorks, MATLAB, and more -- all from a secure browser.
- Leverage Chromebooks, institute BYOD, or repurpose hardware. Access Windows apps on any device, all powered by Google Cloud’s high-speed network.

## Enjoy Centralized Management and Slash IT Costs

- Manage any number of classrooms, labs, and campuses from itopia’s unified, wizard-based console.
- No more endpoint management. With itopia, you can control all your student’s apps, files, and permissions directly on Google Cloud.
- Only pay for what you need. Shift from costly, CapEx-intensive on-site labs and harness the efficiency and scalability of the cloud.

SCHOOL DISTRICT

### Success Story

245 students accessing AutoCAD and Adobe CC from home on Chromebooks.

ANOKA-HENNEPIN  
SCHOOLS  
*A future without limit*

### Success Story

350 students launching Adobe CC and SolidWorks on iPads and Chromebooks.

## Unlock Tremendous Value with an OpEx Model and Automation

No more upfront CapEx for procuring servers, storage, networking, power, cooling, or refreshing of hardware.

itopia’s App Streaming delivers a low cost, flat-rate subscription per student. No runaway cloud costs.

Reduce the IT burden on staff by 65% with itopia’s automated lifecycle management.

## Technical Differentiation

-  Tier 1 sysadmins can quickly deploy **Windows 10 and Windows Server VDI environments in 24 hours** -- all from a single, unified console in the browser.
-  Easy segmentation of classrooms, labs, and campuses with custom images of apps. **One-click onboarding of students and faculty** with centralized management.
-  Intelligently autoscale compute resources up and down for optimal performance. **Automatically power VMs on and off to match real-time student demand.**
-  **All apps are streamed securely through the browser** -- and all student information is stored securely within your GCP project. itopia's automation platform does not have access to your data.

## Students enjoy a one-click login to their virtual apps

### Limited Offer Promotion (First 20 Universities)

#### FREE

Up to \$10,000 of Professional Services

Migration, Implementation, Training, Support, and more.

#### BUNDLED TIERS

Predictable Flat-Rate Pricing of itopia + GCP Consumption

Approach each semester with the exact cost to run your courses -- no overages.
